

Direct Link for Fast, Reliable Appraisal Submission

Take command of your appraisal submissions. Navigating the intricacies of Fannie Mae[®], Freddie Mac[®], and the Federal Housing Administration (FHA), particularly the requirements of the Uniform Appraisal Dataset (UAD) 3.6, demands precision. PATHWAY offers a straightforward solution: a direct system-to-system connection that empowers you by eliminating manual uploads and minimizing complexity.

The PATHWAY Advantage: Seamless Integration, Powerful Results

As the technology provider behind the Uniform Collateral Data Portal[®] (UCDP[®]) and the Electronic Appraisal Delivery (EAD) portal, and the #1 integration appraisal delivery platform into those systems, Veros Real Estate Solutions (Veros[®]) utilizes its unique position to offer significant advantages through PATHWAY.

Effortless UCDP & EAD Integration

Eliminate manual uploads with a direct connection for a smoother workflow.

Right Sized for Your Needs

Achieve high-volume efficiency without the need for direct GSE integration development.

One Platform, Multiple Destinations

Submit appraisal reports to GSEs and FHA through a single Application Programming Interface.

Proactive Error Prevention

Identify and resolve potential errors before submission with UCDP and EAD Preview.

Data-Driven Insights

Make informed decisions with VerosCORE[™], a comprehensive automated appraisal scoring tool.

Operational Benefits of Using PATHWAY

Direct API Connection

Enjoy straightforward integration with minimal IT resources required.

99.99%+ System Uptime

Rely on a dependable and always-available solution.

Built-In Compliance

Ensure your submissions meet the latest GSE and FHA requirements.

Future-Proof Solution

PATHWAY is committed to supporting and adapting to evolving appraisal submission requirements, including UAD 3.6.

Dedicated Support

Count on Veros' expert team for seamless integration and ongoing assistance.

About Veros Real Estate Solutions

Founded in 2001, Veros Real Estate Solutions has become a trusted authority in the housing finance sector, providing essential technology, data, and analytics for informed decision-making and effective risk management. Beyond being the primary architect and technology provider for the GSEs' UCDP® and a key collaborator with the FHA on their EAD portal, Veros also plays a central role in simplifying real estate lending for veterans through its valuation and risk management services for the U.S. Department of Veterans Affairs (VA), further solidifying its reputation among major government organizations.

Contact Veros today to see how easy it is to get started!
