

Accelerate Profitable Decisions With Confidence

The Right Opinion Matters

VeroBPO offers fully independent, affordable valuations with greater insight and transparency beyond an “as-is” suggested list price.

KEY BENEFITS

- Highly rated “agents on the ground” are licensed and ready to provide the most in-depth local market perspective and reliable brokers’ opinions
- Nationwide access to licensed and experienced agents
- Data and photo-rich reports provide a clear understanding of the subject property for confident lending, servicing and investing decisions
- VeroBPOs include digital photos of the subject property and comparables to give you an informed perspective of the neighborhood
- Mitigate risk by bundling VeroBPOs with the Risk Profiler BPO Scoring and Risk Report
- Provide special instructions for agents to follow during the report preparation phase
- Timely delivery
- Veros’ superior customer service team strives to exceed customer expectations throughout the entire process

Vital Insights You Can Depend On

Actionable Market Value Estimates

Report provides 90 days As-Is, 90 days As-Is Repaired and 30 days "Quick-Sale" values

Local Marketability Assessment

Current neighborhood and local market condition assessments

Selection of Comparables

Listed and Sold comparables backed with supporting data and recent on-site photos

In-depth Inspections

Up to 50 data elements for the subject property, neighborhood and comparables

Add Risk Profiler to Any BPO Order!

Instantly determine the probable valuation risk of a BPO with Risk Profiler. It quickly identifies and flags potential issues regarding estimates of value and the supporting data provided by vendors to determine that estimate.

Quality And Accuracy Matter

VeroBPO delivers industry-leading valuation products that exceed expectations.

Through Veros' web-based valuation ordering platform, VeroSELECT, this intuitive system makes ordering easy and also provides access to VeroPHOTO Plus property condition reports and a wide array of AVM solutions, including Veros' flagship model, VeroVALUE. VeroBPO helps clients streamline the valuation process, stay competitive, meet compliance obligations and, above all, make profitable investments.
