

OMNIVAL™

A Division of Electronic Appraisal Solutions, Inc.

VALUING REAL ESTATE WITH **DATA-DRIVEN INTELLIGENCE**

In an industry where speed often comes at the expense of accuracy, OmniVal bridges the gap. With comprehensive nationwide coverage and a full range of solutions, from Automated Valuation Models (AVMs) to Traditional Appraisals, we provide the right level of intelligence for every risk level. We combine deep-stream data with human expertise to deliver faster, more reliable reports, eliminating guesswork so you can make smarter decisions and close with confidence.

WHY CHOOSE OMNIVAL?

Nationwide AMC Services & Products

We provide full 50-state coverage through a vetted network of local appraisers and inspectors, paired with a product lineup designed for every risk level.

Turn Times That Keep You Moving

Our optimized workflow and cutting-edge platform are built for speed. We get you from order to a finalized decision faster than the industry average.

Dedicated Support

Skip the call centers. Access a dedicated team of specialists who know your account and offer tailored, seamless communication every step of the way.

Air-Tight Compliance

Our integrated QC engine uses automated technology to verify requirements instantly. Backed by expert analysts, we deliver institutional-grade quality at the speed of your business.

EXPERT-LED. INTELLIGENCE-DRIVEN.

We believe the best valuations happen where technology meets experience. Led by certified appraisers and industry executives with over a century of collective experience, OmniVal bridges the gap between traditional domain expertise and modern innovation. The result is a level of trust and consistency that only comes from knowing the industry from the inside out.

VALUATION CLARITY ACROSS THE LENDING SPECTRUM

From streamlined data assessments to complex institutional assignments, OmniVal delivers a versatile suite of valuation and risk management solutions for every lending scenario.
